Hagen

Kaamos

Finish collection
Terre

Terre reveals nature's warmth, where natural and light oak tones blend with soft beige and caramel nuances. Warm stone textures, oak veneer, and subtle chrome details lend the space cosy comfort and effortless elegance. Like sun-warmed earth on a summer afternoon, the collection creates an inviting atmosphere where proximity to nature becomes an integral part of everyday comfort.

Finish collection is included in the apartment price. **www.hagen.lv**
